Fundamentals of Care

Leadership & Mentoring Program

TORONTO, CANADA
3-5 FEBRUARY 2025

Start your 12-month leadership and mentoring program with international experts in fundamental care.

The FoC Leadership & Mentoring Program will empower you to challenge and change how fundamentals of care is valued, prioritised, and actioned within your organisation.

The program will take into account the unique context of fundamental care delivery to meet the needs of people living in Canada.

Learning Outcomes

1

Participants will have an improved understanding of fundamental care and the Fundamentals of Care Framework.

Participants will have the tools and knowledge to advocate, and take action, for fundamental care.

2

3

Participants will gain confidence to speak out for fundamental care.

Participants will gain a better understanding of individual, organisational barriers & enablers to implementing change for fundamental care.

4

5

Participants will be better equipped to implement change for fundamental care in their workplace.

Participants will have a global perspective of strategies for implementing fundamental care.

6

Visit ilccare.org or email admin@ilccare.org for more info.
