## Fundamental Care means taking care of YOU too these holidays

Globally, healthcare workers have never needed a break more than now.

During these holidays we are asking you to take time out to care for yourself and spend time with loved ones so that you can

recharge your batteries for 2022.

We're looking forward optimistically to an invigorated start to 2022, and a chance to travel and see our ILC community face-to-face again.

**To our global community we wish you all a relaxed, joyous and safe holiday season as we look forward to the future.**

## Abstract submissions are open for the ILC 2022 Annual International Conference

The 2022 ILC Annual International Conference Abstract Submissions are open online: [ILC Abstract Submissions](#)
